

Antaira FCU-2102 Phase Out Notice

As of August 23, 2013, Antaira Technologies would like to inform you that we have discontinued the following product series: FCU-2102 series: 100FX MM (SC, 2KM) to 100FX SM (SC, 25KM).

Phase Out Model Info		
Model Name	Description	Picture Reference
FCU-2102SCSC-S25	100FX MM (SC, 2KM) to 100FX SM (SC, 25KM) Media Converter	
FCU-2102STST-S25	100FX MM (SC, 2KM) to 100FX SM (ST, 25KM) Media Converter	

After Antaira's continuous review and evaluation of the latest technologies, we have found that the current FCU-2102 model series' major function/feature design was limited when applied to today's market applications. In order to provide you with the best possible service, the series can be immediately replaced with the alternate model FCU-3102SFP-SFP-DR as shown in the Phase In Model Info. Table below.

Phase In Model Info		
Model Name	Description	Picture Reference
FCU-3102SFP-SFP-DR	Industrial 802.11 b/g wireless (Wi-Fi) LAN Access Point/Bridge/Repeater with -10°C ~60°C	

We appreciate your understanding and patience as we phase out these items. If your project still requires any of these discontinued products, please contact the Antaira Sales Team and they will initiate the appropriate action to handle your request. Please note that all service rules (e.g., warranty) will still apply after the products are completely phased out.
